

Target Marketing is proud to present the **All About Direct Marketing Virtual Conference & Expo** (formerly Direct Marketing Day @ Your Desk) – now in its eighth year!

This FREE virtual event will show direct marketers and their copywriters, designers and printers how to succeed in today's challenging multichannel marketing environment. You will learn the latest strategies and tactics to improve your marketing efforts.

The show will feature live webinars with industry experts in a virtual auditorium; an interactive exhibit hall with sponsor booths; a resource center including a downloadable collection of materials (whitepapers, case studies, product literature, etc); a virtual networking lounge to exchange ideas with your peers; and so much more.

[Click here](#) for a quick virtual tour of a typical virtual environment!
